

Exhibit 514.69i

Landowner Name
Street Address
City, State Zip

CERTIFIED - RETURN RECEIPT REQUESTED

SUBJECT: Intention To Continue - Contract Number 66-7217-8-30191

Dear Landowner(s):

This letter responds to your intention to enroll certain acreage in the Wetlands Reserve Program (WRP). For non-permanent easements, the landowner agrees to share the costs for the restoration expense. This cost-share estimate will be withheld from your easement payments at closing.

Please be advised that landowners continue to retain control of cropping on the easement area and may be eligible to continue to receive Production Flexibility Contract payments during the fiscal year in which the easement is recorded. Your easement will be recorded in Fiscal Year 2000. After Fiscal Year 2000, NRCS will prohibit cropping on the easement area.

You are reminded that you must provide a clear title and access from a public road to the easement property. This may include obtaining subordination agreements from your bank or other lending institution for any debts that may encumber the easement property.

You must complete the enclosed form and return the document to this office within 15 calendar days of receipt of this letter. Failure to respond within this time will result in the cancellation of your WRP enrollment.

Please contact your local NRCS office with any questions you may have.

Sincerely,

NRCS Representative
