Dear Mr. Smith,

Our records indicate that you are still the owner of land protected by a Federal conservation easement, which was placed on the land and is managed by the Natural Resources Conservation Service.

On [insert date] persons from our office will be checking wildlife habitat, evaluating nesting cover, and checking the boundaries and signs on these easement acres. We would like to invite you to join us during this inspection.

Please call me if you would like to schedule an appointment, discuss the easement requirements, or if you have any other questions or concerns.

Sincerely,
