Notice of Proposed Change to Section IV of the [name of State] State Technical Guide

AGENCY: Natural Resources Conservation Service (NRCS), U.S. Department of Agriculture.

ACTION: Notice of availability of proposed changes in the [name of State] NRCS State Technical Guide for review and comment.

SUMMARY: It has been determined by the NRCS State Conservationist for [name of State] that changes must be made in the NRCS State Technical Guide specifically in practice standard [number and name of practice standard, such as, #345, Residue and Tillage Management, mulch till] to account for improved technology. This practice can be used in systems that [insert purpose of systems, such as, “treat highly erodible land”]. [Insert other information if needed.]

DATES: Comments will be received for a 30-day period commencing with this date of publication.

FOR FURTHER INFORMATION CONTACT: [insert name], State Conservationist, Natural Resources Conservation Service, [insert mailing address of office]; [insert telephone number]; [insert fax number].

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that revisions made after enactment of the law to NRCS State technical guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days the NRCS will receive comments relative to the proposed changes. Following that period a determination will be made by the NRCS regarding disposition of those comments and a final determination of change will be made to the subject standard(s).
